Norma Tirrell : Compass American Guides: Montana, 5th Edition (Full-color Travel Guide) before purchasing it in order to gage whether or not it would be worth my time, and all praised Compass American Guides: Montana, 5th Edition (Full-color Travel Guide):

0 of 0 people found the following review helpful. Great book on MontanaBy joshua kinserGreat guidebook. I bought this book before I headed out for an adventure of a lifetime to go work in Glacier National Park. Very well-written and the photographs are stellar. I still have my copy on my bookshelf and it will be there forever. The book also partly

inspired me to pursue a career writing guidebooks of my own. Thanks for the great book. It is an inspiration to all who love to explore and a pride to anyone who adores the state of Montana. 3 of 3 people found the following review helpful. Compass American Guides Montana By Andrew Stuart I stumbled upon the Compass America series at a local book store and couldn't believe the quality compared to other travel books. This particular selection was superb. The author is passionate about Montana and the photographs are some of the best. The combination was far superior to anything else I've seen. The information provided on areas of the state were vivid and provided a good description of the differing sections of the state. Within each of these various sections were specific descriptions of towns and cities. Of course, areas of interest to travelers were highlighted, but not in a generic "FYI" format. The descriptions and trip advice have an actual caring quality, as though its author really wants you to enjoy Montana. Traveling to Montana? Then pick up the book and get ready to experience the grandeur of the world's most beautiful places. Not going to Montana? That's fine too. This beautiful book will help you enjoy a get away of the mind.

Created by local writers and photographers, Compass American Guides are the ultimate insider's guides, providing in-depth coverage of the history, culture and character of America's most spectacular destinations. Compass Montana covers everything there is to see and do -- plus gorgeous full-color photographs; a wealth of archival images; topical essays and literary extracts; detailed color maps; and capsule reviews of hotels and restaurants. These insider guides are perfect for new and longtime residents as well as vacationers who want a deep understanding of Montana.
