Cruising Cruise Ships 2010 (Berlitz Complete Guide to Cruising Cruise Ships):

Berlitz is proud to welcome the 2010, 25th Anniversary Edition, of Cruising and Cruise Ships. Internationally recognised as the definitive cruise guide, this book is written by cruise-guru, Douglas Ward, the world's most highly regarded expert on cruising and is the only source of independent star-rating for ocean-going cruise ships worldwide. Authoritative and unashamedly frank, it has one single aim: to help you identify the cruise that is right for you. Fully revised and updated, it features hard-hitting, ship by ship reviews of 270 cruise ships, including Oasis of the Seas, the biggest cruise ship ever launched, not to mention the 12 brand new ships set to debut in 2010. At-a-glance charts compare the major cruise lines for cabin facilities, food and service. Other practical advice covers what to look for in a ship and crew, along with top tips on how to get the best value for money. So whether you are travelling solo, honeymooners, with children, or require special assistance, this guide will find the perfect ship to suit you. This 2010 edition also has a brand new chapter on environmentally friendly cruising. Full-colour photography throughout will bring the cruise experience to life, before you even step aboard. Whether it is your first or fiftieth cruise, this essential guide will answer all your questions in detail, leaving you more time to enjoy your cruise.
