Steve Sherman : Country Roads of New Hampshire before purchasing it in order to gage whether or not it would be worth my time, and all praised Country Roads of New Hampshire:

2 of 2 people found the following review helpful. Great Reference BookBy Robert W. Kessell Jr.This book is a very well written, easy to understand book. I live in NH and found this book to be quite handy in finding the out of the way locations that might not be found otherwise. This book is clearly written and very easy to understand. The directions are easy to follow and pretty accurate. All around great book to have if you want to see very nice areas of NH.0 of 0 people found the following review helpful. A Nice guideBy K. DENNEWITZThis book has nice essays really, about the different regions of New hampshire. It won't replace a tour guide, but it gives you more of a feel about the people and places of the state. It is very well written and a nice book o read while relaxing This may give you more an an idea of where you may want to go than just a list of Inns and attractions.

Trips throughout the Granite State include visits to Robert Frost's farm, Daniel Webster's birthplace, and Mount Washington, New England's high peak.
