Sally Moore : Country Roads of New Mexico: Drives, Day Trips, and Weekend Excursions before purchasing it in order to gage whether or not it would be worth my time, and all praised Country Roads of New Mexico: Drives, Day Trips, and Weekend Excursions:

5 of 5 people found the following review helpful. Very NiceBy apoemThis is a nice book. It is well written.The

chapters are divided into areas of New Mexico. In each chapter there is a little bit about the history of that area, places to visit and more information about other nearby areas. Having been to many of the areas that are discussed in this book, I found the description on target and the suggestions of places to visit good. I particularly liked the history of the area with directions to see some of the historical spots in each area. Very nice. Well worth the money. This book will join me in the car as we go on our trips. It will join the RoadSide History of New Mexico as one of our invaluable, must keep in the car resources. Enjoy.

Our original plan was to spend most of our time in Santa Fe and Taos. After we read this book, however, we found several far more interesting trips that cost us about half what it would have cost in Santa Fe. Sure, we did a night in Santa Fe and Taos, but this book showed us the hidden spots in town that really were known only to locals. This book is so good that we even had a wonderful time in Farmington! Yes, that's right, Farmington. In fact, we plan to return there and once again enjoy the hidden restaurants and trading posts in which we found some of the most unique Indian jewelry ever (and at about 1/3 of Santa Fe prices). Kudos to Ms. Moore! I just wish I could talk her into writing a similar book about Wisconsin.

Great Guide for Getting Off the Beaten Track By Claire Walter This small but fact-filled book explores the richness of New Mexico beyond the Albuquerque-Santa Fe-Taos axis. The author really knows her stuff--giving equal weight to the Native American, Hispanic and Anglo influences that make New Mexico such an interesting state. It's in the car beside me every time I head there.

Ramble through America's rural heartland on winding back roads that lead to an endless variety of out-in-the-country attractions. Each title explores 10 or more meandering weekend tours, as authors share their intimate knowledge of people, places, and country life.
