We try to purchase a book for every place our little one has travelled to. It was nice to get a book with a series so she has a familiar character to grow with! I love how the book is written, it's educational of all the highlight sights to see in New York!1 of 1 people found the following review helpful. I really loved this bookBy fondoo\_usaI really loved this book. Reminds me of home!!! And its a fun way to introduce my hometown to my infant son from a distance. I also think it will be cool to take him on max's adventure when he is old enough. I wish they will come out with max explores dc, our new home! ;)1 of 1 people found the following review helpful. Young readers can see the sights of various cities with Max, a loveable puppy, in this series of childrens books that emphasize learning with simple shapes and vibrant colors. Readers will follow Max on his busy day of sightseeing with stops at historic landmarks and lesser-known locations found in each city. A puppy leads children on a tour through the Big Apple Max investigates New York City in this early read book that was created in partnership with the Children's Museum of Manhattan. A beautiful spread of the museum itself, along with the sights of the city, are featured.
