**From Brand: Arrow Map, Inc. : Metro Boston: Eastern Massachusetts - Street Atlas** before purchasing it in order to gage whether or not it would be worth my time, and all praised Metro Boston: Eastern Massachusetts - Street Atlas:

0 of 0 people found the following review helpful. Must-have for my carBy Jay DoeIt's nice to have a hard copy atlas for those times when the GPS lets you down or you just want to meander. I do wish it had a reference page number when you're leaving a map on one page and going to another. It's most often intuitive, but not always.1 of 1 people found the following review helpful. Detailed, thorough, and clear. EXCELLENT.By Kevin M.American Map consistently produces the best atlases (ADC's atlases are ususally a close second), and this is incontestably the best available resource for navigating the streets of Boston and its suburbs. The Boston area is intelligently divided here into maps for each of the city's neighborhoods and outlying communities, and the detail is rich and reliable throughout.

But the best aspect of this atlas, like any other from American Map, is the clarity and simplicity it achieves in spite of its detail. Highly recommended. 6 of 6 people found the following review helpful. Great! By KatyI purchased this book for my son who is moving to Salem, Mass., from Michigan in August 2006. He took it with him when he went apartment hunting and said it was "a great help." He also used it to explore Boston. He found it to be very detailed. He liked the fact that it is spiral bound, staying open easily on the needed page. For myself, I found the print just a tad too small, but being 52, my eyesight is not what it was... My son did not find this a problem. In fact, he felt that with bigger print, the book would be increased in size unfavorably.

Street Atlas of Metro Boston Eastern Massachusetts. 7th Edition. 167 communities. One map per community. Large-scale map of Central Boston. Full color throughout. Localities index. Public transportation maps. Eastern MA road map. Places of interest. Shopping centers. Community statistics.
