It has most of the restaurants in Miami BUT NO STAR RATING for any. The restaurants are also not displayed in any particular order. All it does is it gives you the restaurant name and address. This means that in order to find something you like within your budget you won't find anything quickly since you need to go through the entire book in order to assess.

The restaurants found in this guide are the most positively reviewed and recommended by locals and travelers. "TOP 500 RESTAURANTS" (69 Cuisine Types).
