This map was ridiculous. It assumed the map reader was familiar with Oahu. I needed to find the Outrigger Reef and to see if The Bus stopped at the reef after picking up passengers at the Honolulu Airport. Then we needed to know where to catch THEBUS from the Outrigger to get out to Diamond Head for a walk up the Diamond Head Trail. There was no way we could find this information from this way overpriced map. :[0 of 0 people found the following review helpful. Five Stars

The best way to save money on Oahu is to NOT rent a car.0 of 0 people found the following review helpful. What the locals use

We decided to get off the beaten path, and used this guide for a wonderful vacation. Took three or four different routes.

Michael Brein's Guide to Honolulu Oahu by TheBus shows travelers how to go to Honolulu Oahu's top 50 visitor attractions by the public bus. The guide shows which bus lines to take, which stops to board and exit at, and, using about 30 detailed mini-area-walking maps, shows exactly how to walk from these stops right to the visitor attractions. Additional nearby points of interest are also indicated on these mini-maps. An ultra-large (very easy to read) official map of Honolulu's transit system is also provided. The Honolulu guide is concise, compact, and comprehensive and fits in your pocket (leave the bulky books back in the hotel room!). Michael Brein's Honolulu guide is part of the world's first and only travel guide series specifically designed to show travelers how to sightsee the top 50 visitor attractions by public transportation in a variety of the world's most visited cities.
