Michelin : Michelin Green Guide New York City, 21e (Green Guide/Michelin) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Michelin Green Guide New York City, 21e (Green Guide/Michelin):

1 of 1 people found the following review helpful. Best compact guide to New York City By Donald A. Thompson Hands down the best guide to New York City, especially for first-time travelers. It's comprehensive but concise. Easily stows in your backpack or purse. Just came back from a trip to NYC so I can say that the information is accurate and up-to-date. Maps in the book are crystal clear. Over the years, whenever I have traveled to a new city around the planet, the Michelin Green Guides have been worth their weight in gold and this book is no exception. 1 of 1 people found the following review helpful. Superb Guide By P. T. Legendre Before our recent trip to New York City my wife and I reviewed a number of travel guides. We ultimately settled on the Michelin guide because of its precise content, layout and compact size. The Michelin Guide's rating system helped us assemble an itinerary. We carried the book with us during our ventures and found it easy to use to refresh our memories. 0 of 0 people found the following review helpful. Very good By Abel Ayerza Very good

Respected cultural travel guides featuring Michelin stars and tours. This completely revised new edition features the best of New York City from the Bronx to the Battery. Financial powerhouse, international diplomatic center, cultural mecca, fashion capital, gateway to the United States? there are hardly enough superlatives or definitions to describe this 320 square-mile metropolis on the scattered islands at the southern tip of New York State. Tours, maps, full-color photos, illustrations and plenty of new content help you to explore the city, its world-famous buildings, museums, landmarks and neighborhoods, which draw some 46 million visitors each year. Wherever you go, Michelin's celebrated star-rating system and respected maps make sure you see the best that New York City has to offer. Use with the Michelin Red Guide to New York City for restaurant and hotel selections.
