Michelin : MICHELIN Guide Italia 2014 (Michelin Guide/Michelin) (Italian Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised MICHELIN Guide Italia 2014 (Michelin Guide/Michelin) (Italian Edition):

1 of 1 people found the following review helpful. The essential travel guideBy ron from phillyMy wife and I don't travel without a Michelin Red Guide. It's great for finding restaurants when we find ourselves in a new town at lunch time or dinnertime. There are maps for most of the principal cities and towns - I usually tear out the pages and carry them in my pocket or knapsack, to lighten my load when we go walking around. And the guide also gives the highlights of places to see in the less important listed towns - although the list is limited and not as detailed as the Green Guide the Rough Guide, which we prefer for smaller cities and towns.The vendor gave us very good service.3 of 3 people found the following review helpful. Authoritative, extensiveBy Richard LevineAnyone planning to tour the country. One must realize that the primary language is Italian, and that small portions of each such area (town, area, are only described in Italian). Some details not covered in the symbols may need to be examined in Google translate or otherwise in the Internet.0 of 0 people found the following review helpful. I love the Michelin series of Red/Green books and mapsBy W. D. Barnumthe Michelin Red books tell you about the hotels and restaurants, the Green guides the tourist spots and the maps show you all the roads you will need to know when driving and they come in various levels of detail.The great thing is they are all coordinated.Note that the comments are in Italian - and one must become used to the symbols - but with a small translator book the easy to read comments quickly become easy enough to understand.We find the ratings to be right on the mark.

Travelers will find great places to eat and stay using the MICHELIN Guide Italy 2014 with meticulously researched recommendations to more than 2,700 restaurants and 3,400 hotels, including 390 country guesthouses. Updated annually, the guide appeals to all tastes and budgets. Anonymous, experienced inspectors carefully select restaurants, using the celebrated Michelin food star-rating system. Also included is information on Italian wines and cuisine, as well as detailed maps. Travelers can rely on Michelin since only the best make the cut.While the guides minimal text is in Italian, a comprehensive introduction in English explains easily recognizable, time-tested symbols for establishments facilities and services.
