Michelin : Michelin USA: New England, Hudson Valley Map 581 (Maps/Regional (Michelin)) before purchasing

it in order to gauge whether or not it would be worth my time, and all praised Michelin USA: New England, Hudson Valley Map 581 (Maps/Regional (Michelin)):

5 of 5 people found the following review helpful. I like the combination  
By Flagler Jan  
By combining the Hudson Valley and New England this is the perfect map for our fall leaf peeping trip. The size needed to get the road detail makes for a cumbersome size, but it's good to bring along.  
6 of 6 people found the following review helpful. Not a map for the Hudson River Valley  
By Sue W. Murphy  
This is a very large map of all of New England and should be labeled as just that. The Hudson River Valley is on the map but there is no enlargement or detail whatsoever. If you need a map of the Hudson River Valley, you would be better off with a map of the state of New York than this monster.  
0 of 0 people found the following review helpful. good quality map  
By Lizz Toro  
Exactly as advertised, good quality map. My husband used it on a trip from the NYC metro area to Laconia NH, and had no problems.

Michelin regional maps each contain practical road and route information. Special Michelin reads-like-a-book format for easy use in folding and unfolding. Useful information for planning trips, including gas stations, 24-hour service stations, toll gates, rest areas and service plazas. Clear, precise cartography. Icons pinpoint important travel information.
