**James Kavanagh, Waterford Press : Michigan Birds: A Folding Pocket Guide to Familiar Species (A Pocket Naturalist Guide)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Michigan Birds: A Folding Pocket Guide to Familiar Species (A Pocket Naturalist Guide):

The Great Lakes State is the permanent or migratory home of 442 species of birds, including the state bird, the American Robin. This beautifully illustrated guide highlights over 140 familiar and unique species and includes an ecoregion map featuring prominent bird-viewing areas that any birder would love to explore. Laminated for durability, this lightweight, pocket-sized folding guide is an excellent source of portable information and ideal for field use by visitors and residents alike. Made in the USA.
