Jim DuFresne : Michigan Off the Beaten Path, 9th (Off the Beaten Path Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Michigan Off the Beaten Path, 9th (Off the Beaten Path Series):

0 of 0 people found the following review helpful. A Few Gems, but Difficult to UseBy E. BennettI always buy a few travel books when planning a vacation and I like to buy the "Off the Beaten Path" type with hidden gems you wouldn't normally find. It was hard to find good books for Michigan when planning a Mackinac/Fall Color tour. This one had a

few interesting side trip items that we definitely did enjoy (the Ironton Ferry, for example) but it seemed disorganized and confusing. I had to do a lot of flipping back and forth to find things in the same area and the routes mentioned were confusing, occasionally wrong (checked by google maps), and took a lot more planning on my part outside of the book. It doesn't do a good job of mentioning how long certain drives might take. In the end, I probably got my money's worth in the tips for the trip but it took a lot more work on my part than simply buying this book. 0 of 0 people found the following review helpful. Mixed Feelings By Tony I have had this book for a couple of years now. It has come in handy for day trips and such. It does have some locations in it that I would never of found other wise. However, the organization of the book could be better, and some of the information and directions were off. A couple of spots I would follow the guide in the book and never find the place. I would personally like too see better organization and information. 0 of 0 people found the following review helpful. nontraditional travel guide By Kenneth T. Hall A great guide to plan your trip to Michigan and see exciting places and things that the locals miss out on.

Offbeat places await travelers and locals alike in Michigan, such as the Ann Arbor Hands-On Museum where young visitors can be wrapped in bubbles, and the Air Zoo of Kalamazoo, which is dedicated to preserving and restoring aircraft of World War II.

From the Back Cover Tired of the same old tourist traps? Take the road less traveled and uncover the hidden attractions, unique finds, and unusual locales other guidebooks just dont offer. Off the Beaten Path features the things youd want to see if only you knew about them! From the best in local dining to quirky cultural tidbits, youll say over and over again: I didnt know that!
