Tom Powers, Friede : Michigan State and National Parks: A Complete Guide before purchasing it in order to gage whether or not it would be worth my time, and all praised Michigan State and National Parks: A Complete Guide:

0 of 0 people found the following review helpful. A good guideBy Christine L. WodkeI love to camp in the UP and this is a nice guid on the parts in the area. Limited information for National park. I use this when planning a camping trip.Chris WodkeAuthor: Running for My Life-Winning for CMT0 of 0 people found the following review helpful. Good handbook for state park usersBy msGood handbook for state park users, especially if you are not familiar with Michigan. We have been to many of the state parks in this book and have found the book to be a fairly accurate,

reasonable description of what these parks are like. The book gives you the helpful info you will not find in literature from the state such as sites ## through ## back up to a busy highway and could be noisy. Not too long and drawn out. Good book. 12 of 12 people found the following review helpful. Michigan camper's "bible" By A Customer My family and I enjoy camping and visiting the State parks all over Michigan. I have found this book to be very accurate, and helpful. There are easy-to-read descriptions of the parks, and great maps included. Color photographs would have been a nice feature to the book, but the loads of information inside make up for it. I highly recommend this book!
