So when I want to plan a camping trip to the UP this was a great resource. I keep this on my bookshelf for future trips. Great details on the campsites in each park.Author Chris Wodke,

Running for My Life, Winning for CMT1 of 1 people found the following review helpful. Michigan State ParksBy CustomerDespite the age of the book the information is still valid including phone numbers to park offices. The size is great in that it can easily fit in a backpack. There are detail illustrations of camp maps and hiking paths. The only drawback is that it's all in black and white. This book is a must have for anyone visiting Michigan State Parks or residents of Michigan that want to take advantage of the beauty that lies in their own backyard.0 of 0 people found the following review helpful.
