When a GPS doesn't help for a long trip view, this county map helps make that straight line on reasonable roads. The pages are big enough where I can print a landmark like a store or house locations.Very pleased with Hagstrom maps!1 of 1 people found the following review helpful. Priceless for Central New JerseyBy VinnyI bought this new edition because the older one was wearing out, and I cannot do without it. I have annotated it with diners, gas stations, etc., all over. The print is clear and just right. It's easy to find convenient NJT stops, too.

The Middlesex County, NJ Atlas is a full-color street atlas, including: East Brunswick, Edison, a Middlesex County area map, Monroe, North Brunswick, Piscataway, Plainsboro, Sayreville, South Brunswick, and Woodbridge
