**Bill Grenier : Miles to Millions: One Aviator's Amazing True Story** before purchasing it in order to gage whether or not it would be worth my time, and all praised Miles to Millions: One Aviator's Amazing True Story:

When he became a commercial pilot at age nineteen, Bill Grenier never imagined that one day he'd be captain of the largest commercial plane the world had seen, flying the highest profile routes of a proud national carrier. Even less

could he have imagined, at age nineteen and with barely a penny to his name, that he'd one day be a wealthy man. But he would ultimately control an empire worth nearly a billion dollars. With liberal doses of wit and humour, *Miles to Millions* shows what a little luck, lots of perseverance, and an appetite for adventure can do. From boarding house to boardroom, from cradle to cockpit, Grenier offers a fascinating story of success both as a commercial pilot and as a businessman. Filled with anecdotes you'd never expect from a single career from acting as repo man taking planes for payment to saving hundreds of passengers in a stricken 747 with a collapsed co-pilot *Miles to Millions* is a high-flier of a story bound to entertain both aviation experts and enthusiasts alike.

**About the Author** Bill Grenier is a retired Air Canada pilot with more than fifty years of diverse flying experience. He is also an accomplished real estate developer with extensive projects in Toronto and Vancouver.
