Bruce Thompson : Milwaukee and SE Wisconsin Bike Map 2nd Edition before purchasing it in order to gage

whether or not it would be worth my time, and all praised Milwaukee and SE Wisconsin Bike Map 2nd Edition:

The 2nd edition is now on tear and water resistant paper. Updated road routes and bike trails, more detailed inset maps and sharper graphics make this the best bike map available for Milwaukee and SE Wisconsin. Coverage: Detailed maps of Milwaukee, Racine, Kenosha, Waukesha, Mukwonago and parts of Brookfield. Larger scale overview map of SE Wisconsin from the Illinois border to Port Washington and west to Lake Geneva. Highlights: Complete network of bicycle friendly roads and bike trails. All routes have been field tested by an experienced local rider and checked by other riders. Features: Full color map 22 X 34 inches, two sided. Milwaukee's signature Oak Leaf Trail is clearly marked. Selected locations for parking, drinking water, restrooms and points of interest. Clear and easy-to-understand graphics. 100% to scale. About the paper: Printed on tear and water resistant Polyart paper. Will hold up to sweaty jersey pockets, sudden storms, chaotic handlebar packs and overstuffed panniers.

About the Author Bruce Thompson has been cycling in the Milwaukee area for more than two decades. He has posted online bike routes and volunteered for the Bicycle Federation of Wisconsin. His non-biking life includes being a professor at the Rader School of Business, Milwaukee School of Engineering and former president of the Milwaukee Board of School Directors. The Milwaukee and SE Wisconsin Bike Map is published by Bikeeverywhere, a small press that specializes in high quality bicycle maps for the upper midwest. Related products include the Twin Cities Bike Map and the Madison and Dane County Bike Map.
