If you enjoy the history of a great town, Milwaukee, this book is a must-have.0 of 0 people found the following review helpful. Milwaukee Seen as it Looked in the PastBy Brian Wayne WellsThis book is a coffee table book which contains several pictures of Milwaukee buildings as they looked in the past. These pictures are contrasted with modern pictures which show the same buildings or location as they appear today.0 of 0 people found the following review helpful. Three StarsBy Kindle CustomerI wish that there had been a bit more information such as street addresses. etc. The photgraphs are excellent although there are many more buildings, etc., that could have been included to make it more comprenensive.

Milwaukee Then and Now matches historic images of the early city with modern photographs that show the city as it is today: a diverse range of architectural styles, including the massive arches of the old Federal Building to the sleek lines of 20th century high-rise offices, and Lake Drive, the home of Milwaukee's largest mansions.
