I had not expected, however, the great tour of Mackinac Island this book gives! It has information about different spots around the island that I never knew and I've been a regular visitor for years!. In the back of the book is a scavenger hunt that will take you to different parts of the island that aren't always common stops. I'm looking forward to my next visit so I can go to those places! Meanwhile, I'm having fun coloring all the different pages!
