I have read guides in the past with more tips regarding picking shorter queues, and navigating lines, but this had great descriptions of rides, food, etc. It was a bit out of date as we just went in August 2015 and The Backlot Tour at Hollywood Studios has closed, as well as Maelstrom at Epcot and a couple other attractions and the fastpass distribution has changed...again! But there is enough helpful info to make it worthwhile.0 of 0 people found the following review helpful. This is a good summary of Disney World without going overboardBy ZoeNot pocket-sized but concise. This is a good summary of Disney World without going overboard. After I read it, I felt I had enough info to get around and avoid some hassles. It wasn't small enough to make it worth carrying around the parks and certainly didn't fit in my pocket. I believe in ripping tour books apart and only carrying what I need. This worked for me.0 of 0 people found the following review helpful. Five StarsBy Terry SmithGreat resource
