Rick Nelson : Minneapolis/St. Paul (City-Smart Minneapolis/St Paul) before purchasing it in order to gage whether or not it would be worth my time, and all praised Minneapolis/St. Paul (City-Smart Minneapolis/St Paul):

5 of 6 people found the following review helpful. Out of date, short on maps, and lacking styleBy oneidafanI've just returned from a visit to the Twin Cities. My wife and I picked this book up because it was the cheapest guide on the shelf. You get what you pay for. This edition, at least, is out of date - many of the places of interest noted in the book have closed down or changed significantly. The maps in the book are limited to a very small area of downtown St. Paul and Minneapolis - yet the book recommends plenty of places that are off the maps provided. Finally, having gotten used to Lonely Planet guides, it's hard to fathom how this author could make his topic as dull as he does. That's my two cents - I'd recommend against buying the book.

2 of 6 people found the following review helpful. Excellent Guide BookBy A CustomerSmall paperback contains all the necessary information to make the most out of any visit or long-term stay in the Twin Cities!

This City-Smart(tm) guide is packed with family activities for every budget. It points travelers to the best attractions, from Minneapolis's historical St. Anthony Falls to St. Paul's historic waterways, along with locals' favorite picks for sightseeing, dining, and places to stay.
