Jeffrey W. Tenney : MINNESOTA ANTHOLOGY: A History in Monologues before purchasing it in order to gauge whether or not it would be worth my time, and all praised MINNESOTA ANTHOLOGY: A History in Monologues:

The voices of Minnesota's past return to speak to you. Listen to the Settler on the southwestern prairie, to the Casualty of the Great Hinckley Fire, to the Hibbing Hobo of the Great Depression, to the POW of WWII. The Miner of Mesabi iron ore will tell you what his life was like, as will the Suffragette, the Actress, and the Birdwatcher. These stories are the story of Minnesota, and your story as well.
