**From Brand: Minnesota Historical Society Press : Minnesota History Along the Highways: A Guide to Historic Markers and Sites** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Minnesota History Along the Highways: A Guide to Historic Markers and Sites:

4 of 4 people found the following review helpful. Minnesota History: A great guide By Bomojaz This is a great guide for anyone exploring Minnesota by car. It lists 348 highway markers and their complete texts, all arranged by county.

There is also a very thorough index of topics and names mentioned on the markers. Local history buffs or anybody interested in Minnesota history and geology will find this book a wonderful read.

For more than 125 years Minnesotans have been marking the places where significant historic events occurred. This travel guide presents the locations and texts of 254 historic markers, 60 geologic markers, and 29 historic monuments in all corners of the state. The markers honor fur traders and settlers, explorers and miners, Civil War soldiers and entrepreneurs; they explain waterfalls and sand plains and glacial potholes. Some have stood for over a century, marking the sites of the Dakota War of 1862. Others, more recent, enhance the interstate highways with brief, informative histories of Red River trails, immigrant communities, and important industries. Each entry includes the location of the marker or monument along the state's highways and county roads. For the traveler's ease of use, the entries are grouped by region and by county and many photographs convey a sense of the history to be found at these places. This handy and informative guide is the perfect traveling companion for your next road trip.

About the Author Sarah P. Rubinstein is an editor at the Minnesota Historical Society Press.
