Great snapshot of Minnesota culture, life and landscapes in a compact, affordable packageBy LukeMichael Peterson has an eye for capturing images as they are. From landscapes to people, from festivals to every day life "Minnesota: Memories and Images" offers a unique view of the diversity of the state. This book does not bog you down with lengthy text but instead lets the photos do most of the talking. Additionally, it is compact, affordable and - as I have found - an excellent gift for host families and friends when traveling abroad.

Take Minnesota's scenic beauty home with you! In this collection of nearly 200 images, Minnesota native Michael

Peterson captures the state's most memorable landmarks and familiar scenes. The photographic journey is organized by regions, such as Duluth and Lake Superior's North Shore, Metro Area, and Southeastern Minnesota and Bluff Country. Each section includes fascinating factoids, providing more information about the scenic shots. Whether you're a visitor or a resident, you'll appreciate this pictorial collection of Minnesota's most stunning landmarks!
