The state fish, the Walleye, is one of thousands of species of animals inhabiting the diverse ecosystems found throughout the North Star State. This beautifully illustrated guide highlights over 140 familiar and unique species of mammals, birds, reptiles, amphibians, fishes and butterflies/insects and includes a map featuring prominent wildlife-viewing areas. Laminated for durability, this lightweight, pocket-sized folding guide is an excellent source of portable information and ideal for field use by visitors and residents alike. Made in the USA.

About the AuthorZoologist Jim Kavanagh has made a career out of introducing novices to plants, animals, the sciences and world cultures.
