Naming my Friends in the GardenBy RI have enjoyed being able to find a picture of a particular winged visitor to my garden and know the name and habits of the bird. I enjoy the fact the book tells me even the voices of the bird I am seeing. I have identified several birds in my yard. After placing a trellis near my front door, I was soon visited by a tufted titmouse and I was able to find his photo, see what he liked to eat, and what time of day I could expect him to return! I love this!! I recommend this book to anyone who wants to not only recognize be

Like gardening, bird watching is a fast-growing regional hobby. Now, Cool Springs Press brings its proven method of successful state-specific gardening approach to bird watching guides. In collaboration with Bird Watcher's Digest, these bird watching guides provide accessible, credible advice. The birds that frequent the backyards of Mississippi differ from the birds that frequent the backyards of Tennessee. In addition to unique descriptions, each bird profile includes a range map to identify each bird's North American distribution. One hundred birds are profiled, each with a color photograph, to ensure accurate identification. A seasonal section informs the reader of: Migrating birds that can be seen during that season The foods and plants that can attract those birds Where to go to view year-round and migrating birds Cool Springs Press's partner, Bird Watcher's Digest, has sold more than 4 million copies of their booklets on bird species, bird habitat, feeding, and other related topics. This series of books from Cool Springs Press targets the beginning bird watchers for ten states.
