**Sean 'Bovine' Burns : Missouri Limestone Select: A Rock Climbing Bouldering Guide** before purchasing it in order to gage whether or not it would be worth my time, and all praised Missouri Limestone Select: A Rock Climbing Bouldering Guide:

0 of 0 people found the following review helpful. Five Stars By J. Aurand This is a great book for MO climbers. 3 of 4 people found the following review helpful. Great guide By Thomas M Nash This guide book gives you all you need to get to an area to climb and leaves just enough out that the fun in finding the area is still part of the climbing trip. Great route discriptions, this should be a must for your guide book collection for when you are off on that wild road trip you can stop and get some climbing in before or after you have crossed that great void known as Kansas.

This guidebook will help you explore Missouri's diverse climbing crags. With these great route descriptions, you can enjoy select climbing areas throughout the state.
