Patti DeLano : Missouri Off the Beaten Path, 8th (Off the Beaten Path Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Missouri Off the Beaten Path, 8th (Off the Beaten Path Series):

1 of 1 people found the following review helpful. Fun!!!!By Angie ThompsonI'm from Missouri so I wondered what this book could tell me that I already didn't know! Guess what, IT DID! The book has led me to make a travel wish list to see some of the sights in Missouri that I didn't know existed. Separated by regions, more have more attractions than others. The author was very detailed in the region that she was from, which turns out to be the area we live in. My

friend and I keep this book handy (on the living room coffee table) to spend our unfilled weekends or to use as a suggestion guide when family or friends come in from out of town. The book reads well and isn't too dry to read! I recommend the book! 1 of 1 people found the following review helpful. great book for unique travels
By Natalie M. Barnardi
got this book because we were heading to branson for a week long camping trip. we travelled with two eight year olds that were going to need to get out and move so i used this book to guide us across missouri and stopped a fun unique places that perked their curiosity. it really had some fun things and great suggestions - places i never would have found just tracing a driving path. great purchase!!

Discover the Show Me State's more unusual attractions with this guide. Visit the ghostly ruins of the mansion at Ha Ha Tonka State Park, think small at the Toys and Miniatures Museum, and ogle the world's largest puzzle at Nancy Ballhagen's Puzzles in Lebanon.
