**Fodor's : Mobil 99: Arizona (Mobil Travel Guide: Arizona)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Mobil 99: Arizona (Mobil Travel Guide: Arizona):

2 of 5 people found the following review helpful. Good Gift for New YorkersBy A CustomerNew Yorkers are notorious for not being able to give directions. We know how to get there,just don't ask us for directions! This book gives specific address and phone #'s,subway maps and of course street locations (ie: cross streets for 1535 Broadway?It's in here).It is easy to use:shopping,restaurants,museums, movie theaters,houses of worship, etc; are classified according to uptown,downtown or midtown locales with numbered site maps. The size of the guide fits in a jacket pocket, or the newer,trendy horizontal sized purses ladies now carry.I've purchased my copy for use at my job.I may just change my rating to 5 stars

Arizona, home of the Canyon, Saguaro National Park, and some of the country's best golf courses, is visited by more than 28 million visitors each year -- half of whom arrive by automobile, camper, or recreational vehicle. This guide, the newest addition to the Mobil Travel Guide's series of highly focused state guides, deserves a place in every visitor's glove compartment. It suggests hundreds of restaurant and lodging options throughout the state, all rated with Mobil's trusted One- to Five-Star Quality Rating System. In addition, it covers national parks, historic sights, museums, golf courses and a wide range of outdoor activities. An introductory chapter explores the state's history, culture, climate, and special events.
