before purchasing it in order to gage whether or not it would be worth my time, and all praised Mobil Travel Guide 2001: Great Lakes (Forbes Travel Guide Northern Great Lakes):

2 of 2 people found the following review helpful. Great for referenceBy Angela M. GasperMobil guides in general have some of the info you need for your stay but I prefer location specific guides more. They only list a few of each (hotels, restaurants, attractions etc.) Overall it was helpful but I wouldn't use it by itself. There isn't enough info about each area.

The Mobile Travel Guides 2001 are the perfect travel planner no matter where in America you want to go. Revised and updated, these comprehensive, exhaustively researched guides provide travelers with reliable advice on finding good values, quality service, and the distinctive attractions that give a destination its character.
