From Mobil Travel Guide : Mobil Travel Guide 2008 Great Plains (Forbes Travel Guide Great Plains) before purchasing it in order to gage whether or not it would be worth my time, and all praised Mobil Travel Guide 2008 Great Plains (Forbes Travel Guide Great Plains):

1 of 1 people found the following review helpful. DisappointedBy PaulaFor years I've used the Mobil guides to plan my trips. I don't care that information is on the internet, it was always easier to use a guide, especially when they

would flag a restaurant or hotel as "a good deal for the price." Over and over we would find that these flagged places were indeed very nice for the price. Now Mobil has I guess been forced to reduce their information. Their sections on each city are much shorter and they no longer have their "good deal" flags. I had to still go back to a 1999 guide to find info I wanted! Unfortunately because Mobil feels it can't keep publishing its long, in-depth guides because of the internet, the guides they are now producing are just about useless. They'd be better off just closing it down.

8 of 8 people found the following review helpful. Pale Imitation of a Classic Travel Guide By K. Sodowsky
The newest incarnation of the classic Mobil Travel Guide is far inferior to the old guide format. Purse-sized and thin, the regional guidebooks have lost entire cities, state parks, and even some historical sites. Restaurant listings tend toward national chains, with local favorites deleted altogether. Even more outrageous: state maps are small and printed in grainy black and white making it difficult to locate interstate highways. Some state highways and mid-sized towns aren't even shown on the map! Had I realized the extent of the changes, I would not have purchased. Not recommended.

1 of 1 people found the following review helpful. Great Plains Travel Book By Marilyn K. Liles
The information given in the book was outdated and inaccurate. All hotels and restaurants were given the same price. This was a total waste of money and time.

Mobil Travel Guide offers 15 Regional Travel Planners for 2008, featuring extensive reviews of destinations to visit in the United States and Canada. Updated annually, each book features in depth profiles of the best lodgings, restaurants, sights and attractions that each easily drivable region has to offer. Comprehensive and easy to use, each Regional Travel Guide is full of exciting new tours and loaded with maps.
