From Brand: Mobil Travel Guide : Mobil Travel Guide 2009 Southwest (Forbes Travel Guide Southwest) before purchasing it in order to gage whether or not it would be worth my time, and all praised Mobil Travel Guide 2009 Southwest (Forbes Travel Guide Southwest):

0 of 0 people found the following review helpful. old but still goodBy BrooklynbabePurchased this to help plan a trip

out West this summer this summer with my kids. Though Mobil Travel Guides are no longer published and the brand was sold to Forbes, which publishes on line, the hardcopy Guides helped my dad plan alot of vacations when I was a kid. So I bought a slightly out of date, but still useable 2009 copy. Maps are great, info on parks etc never really changes and now I can peruse it and then go on line to make reservations -- sorry dad, but that's a way lot better than writing letters and sending checks to reserve rooms! Cheap and order fulfillment was super fast. 0 of 0 people found the following review helpful. Information on attractions and tourist sites was excellent. Information on restaurants and motels was very outdated ...By Robert Geier Information on attractions and tourist sites was excellent. Information on restaurants and motels was very outdated as can be expected. 1 of 1 people found the following review helpful. Very dissappointing By G. Murphy Mobil Travel Guide 2009 Northwest (AK, ID, MT, OR, WA, WY) (Mobil Travel Guide Northwest (Id, Or, Vancouver Bc, Wa)) This was very disappointing as were the other Mobil Travel Guides that I ordered. We have bought them for years and they are wonderful. The 2009 version was small and offered very little information for hotels and restaurants. Some very large cities were entirely left out. Stick with the free AAA books.
