Great book when you love to a new cityBy Dr. OceanfrontMy friends just moved to Boston so I sent them this book which is full of maps and other cool things.I have been a moleskin fan forever, and many of my friends laugh because they think whatever I can do or find in this book, their smart phone can do better. They just don't get "journaling" and when their batteries run out, we will see who gets the last laugh! ;-)

The first guidebook you write yourself. One of America's oldest cities, Boston is not only a destination for history buffs, but for sports enthusiasts, art lovers, students and musicians. Whether you're walking or taking the T, the Moleskine City Notebook Boston provides a place for your impressions and inspirations. The Key Map summarizes the overall city layout, showing the sequence and location of the 16 zone maps. Map of the subway system and list of stations, plus the alphabetical street index of the zone maps. Blank pages for jotting down notes and recording your thoughts, stories and memories. 32 removable sheets for loose notes and exchanging messages. 12 translucent sticky sheets for tracing your routes and sharing itineraries. A 96-page tabbed archive for collecting everything that matters most and keeping it at your fingertips. The first 6 tabs are printed; the others await your personalization with the enclosed adhesive labels. Each pocket sized Moleskine City Notebook is thread bound and has a cardboard bound cover with rounded corners, acid free paper, three bookmarks, an elastic closure and an expandable inner pocket that contains the Moleskine history.
