Moleskine : Moleskine City Notebook San Francisco before purchasing it in order to gage whether or not it would be worth my time, and all praised Moleskine City Notebook San Francisco:

Pretty but not very goodBy RonAnnArborThis is a pretty little moleskin notebook for your trip to SF, or to use as a personal guidebook if you live in SF....BUT....and this is a big but so I put it in caps...The maps are awful. It's such a great idea to have the muni maps and street maps right in front of the book (much like a lot of British pocket calendars do) but the maps are basically unusable -- first, you find yourself

flipping back and forth to look at different maps for different things (transportation separate from street maps for example) -- but the Street Maps are printed in pastel and are not readable -- if you wear glasses, forget it, they become invisible in sunlight. And worse -- for a book designed for you to create your own guide, the maps cut off too far north so that even important landmarks like the Zoo are cut off!!! You need to buy another map to get much-visited tourist places on it. This is overall a pretty, but unusable, idea. I'd love to see them rethink it and redo it. I'm not sure what some of their other guides are like (I saw the Paris book, and that is equally unusable), but this SF version is poor. 0 of 0 people found the following review helpful. Well-organized Trip Journal By Clayton Young I enjoyed using this on my trip. Fun way to organize the memories and plan getting getting around. 0 of 0 people found the following review helpful. Love It! By 90Graus Moleskine City Notebook San Francisco I love this kind of Moleskine. I bought this for my wife who traveled last month to San Francisco. She used a lot and liked it too. I think the Moleskine can make them in 5x8 format, would be perfect!

The first guidebook you write yourself. San Francisco's more than 50 hills are home to bustling communities, vibrant arts, delicious food and more. Navigate your way from the Golden Gate Bridge to Chinatown with the Moleskine City Notebook San Francisco.
