Mark A. Schlenz : Mono Lake: Twenty Postcards (Companion Press Series) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Mono Lake: Twenty Postcards (Companion Press Series):

Mono Lake lies at the base of the Sierra Nevada's eastern escarpment. The lake supports dense populations of brine shrimp and alkali flies, which feed hundreds of thousands of nesting and breeding migratory water birds. Tufa formations, calcium carbonate

About the Author Dennis Flaherty is a professional photographer based in Bishop, California. He began his photography career in 1983. His work has been widely published in calendars, books, magazines including Audubon, National Geographic, Backpacker, Outdoor Photographer, and Sierra. Mark Schlenz first discovered his interests in mountaineering, writing, and environmental literature while living in the Eastern Sierra in the 1970s. He later taught high school English Literature at the University of California, Santa Barbara in 1994 with a dissertation on Eastern California writer Mary Austin. He taught literature and writing for Environmental Studies at UCSB.
