**Lynna Prue Howard : Montana and Idaho's Continental Divide Trail: The Official Guide** before purchasing it in order to gage whether or not it would be worth my time, and all praised Montana and Idaho's Continental Divide Trail: The Official Guide:

0 of 0 people found the following review helpful. Book was in perfect condition. A must read if planning the CDT ...By CustomerBook was in perfect condition.A must read if planning the CDT trip. It is written for hikers and does not have info about horse use.1 of 1 people found the following review helpful. Montana Idaho's Continental Divide

Trail: The Official Guide By Jeremy Fischer I was extremely satisfied with the book, its condition and the timeliness of its arrival. I would recommend this book to anyone hiking on and near the continental divide. Though some of the store names have changed in the local towns. 0 of 0 people found the following review helpful. Very satisfied. Thanx much By Carleen B. Layne Received promptly and in condition promised. Very satisfied. Thanx much. C

This book picks up the Continental Divide Trail in Idaho at the western border of Yellowstone National Park and takes the reader some 900 miles all the way to the Canadian border. From the Beaverhead Mountains in the Bitterroot Range to the Scapegoat and Bob Marshall Wilderness, Idaho and Montana's most spectacular and remote wild lands fill page after page in a book that fits into your backpack or makes for great reading anytime. You'll have no better companion than the lively and humorous voice of Lynna Howard and the dramatic, breathtaking photography of Leland Howard. Aspects of history, wildlife, geology, and biology are explained along the way. For day hikes, destination hikes, or longer treks for the avid backpacker, this book is a must. "This trail is rougher and more challenging than the Pacific Crest Trail or the Appalachian Trail," Lynna writes. "A spirit of adventure is the best thing you can pack!"
