Steve Probasco : Montana Blue-Ribbon Fly Fishing Guide before purchasing it in order to gauge whether or not it would be worth my time, and all praised Montana Blue-Ribbon Fly Fishing Guide:

10 of 10 people found the following review helpful. Save your \$\$\$By A CustomerWhile offering a few pretty pictures, this book does little to help you plan your Montana fishing trip. The reviews/descriptions are vague at best very few of the true "blue-ribbon" streams are even covered.It's a shame that with the great fishing Montana affords, there aren't more good books out there to help you plan a trip....
