From the Back Cover Introduction by Montana photographer Michael S. Sample. Here is a book for everyone who loves Montana. Here are mountains that soar with our spirits, meadows that bloom in the spring, rivers that amble through the prairie, forests that harbor wild things. Here is a country where a neighbor will lend a hand, where cowboys depend on their horses, where coyotes convene at night, where eagles fly. Images and quotations from notable Montanans help paint a picture of the profound feelings Montanans have for their state. Also available is the Montana on My Mind Video.
