Pat Williams : Montana (Revised) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Montana (Revised):

Experience the glory and magnificence of the Big Sky state through the dramatic color photography of MONTANA. Noted photographer and longtime Montana resident Salvatore Vasapolli turns his lens on one of the most picturesque states in the country. Travel from spectacular Glacier National Park, through the majesty of the Rocky Mountains, to the grandeur of Custer National Forest and the sheer beauty of Yellowstone National Park. Exquisite photos reveal the state's breathtaking natural beauty in smooth-surfaced lakes, glistening glaciers, towering mountains, and twisting rivers. An essay by former United States Congressman Pat Williams evokes the magnificence of Montana with its

open landscapes, untamed wilderness, and friendly people.
