Dr Judy Alter PhD : Montana (States) before purchasing it in order to gage whether or not it would be worth my time, and all praised Montana (States):

0 of 0 people found the following review helpful. Great for kids By Betty I bought this book recently for my grandkids since we were moving to MT - very interesting and well presented and gives them great information about the state where we are now living.

MyReportLinks.com Books now offers a comprehensive library of books about each of the fifty states plus

Washington, D.C. that make up the United States of America. The States books offer information and interesting facts about the geography, climate, economy, government, and history of each individual state. Each 48-page book includes color photographs, chapter notes, a further reading list, a facts page, and an index. The Report Links take the reader to the best Web sites, source documents, and photos related to each state.
