Rosemary Jones : Moon Bermuda (Moon Handbooks) before purchasing it in order to gage whether or not it would be worth my time, and all praised Moon Bermuda (Moon Handbooks):

1 of 2 people found the following review helpful. great guide....not so great delivery service of bookBy Chrystal Gannonvery helpful travel book.. unfortunately it arrived after the trip so I was able to see what it recommended andhow that compared to reality. I would not use the same seller as it was sent media bulk with no prior notification.Quite a disappointment. Its always better to have a travel guide beforehand. The book was ordered in plenty of timeto get delivered by just going to the post office and mailing!3 of 4 people found the following review helpful. HelpfulBy ailsa cHelpful and concise. Great map! Easy to read. Organized by parish. I can't comment on accuracy yet, but this book has been helpful in planning my trip. I would like more inside tips. The info is pretty

This guide book contains great information that seems honest. The information is organized by parish. General information about Bermuda's history and culture (towards the back of the book) was helpful and interesting.

Bermuda native Rosemary Jones provides her firsthand insight into the best this balmy island has to offer, from shopping for duty-free treasures in the capital of Hamilton to exploring St. George's, home of the island's first settlers. Jones also offers creative travel ideas, such as *Vacation with the Kids*, *On the Wild Side*, and *A Romantic Retreat*. With expert advice on lounging on pink-sand beaches, golfing at the famous Mid Ocean Club, and scuba-diving on shipwrecks, *Moon Bermuda* gives travelers the tools they need to create a more personal and memorable experience.
