Tom Stienstra : Moon California Fishing: The Complete Guide to Fishing on Lakes, Streams, Rivers, and the Coast (Moon Outdoors) before purchasing it in order to gage whether or not it would be worth my time, and all praised Moon California Fishing: The Complete Guide to Fishing on Lakes, Streams, Rivers, and the Coast (Moon

Outdoors):

1 of 1 people found the following review helpful. but detailed overview of where might be good places to go based on how I like to ...By john dunkhaseI was really "blown away" by the amount of detailed helpful information in this book. This book is as comprehensive as one can hope for in a single book. I'm planning a fishing trip to CA to introduce my grandson, who lives there, to fishing. I started by using the web and contacting guides - but they are all very helpful but have an economic agenda. This book gave me a broad, but detailed overview of where might be good places to go based on how I like to fish and what I like to fish for. Invaluable. There's still something to be said for a single well written guidebook as opposed to going through hundreds of web pages. I wish there was a book just like this for Florida and New England. I am inspired to write one - but I'd rather be fishing.0 of 0 people found the following review helpful. A Must Have For California FishingBy Thorne HamstringAn excellent book with information about nearly every fishing spots all over California from the coast to the inland lakes and waterways. It includes what species of fish is caught in various locations, tip on how fish for them and lots of other very useful information.3 of 3 people found the following review helpful. Moon California Fishing.By JimmyBought because I liked my Moon Hiking book. This Moon Calif. fishing is a great resource, especially if you are fishing unknown waters or species. A bonus is the gear recommendations for a starting point. I can see this saving money due to the high cost of tackle, though I have only tried a couple of their combos thus far. It did get me in the ballpark sooner than I would have on my own. It also helps me select new spots I would have never have gone to, and weed out spots that don't fit my style, boat or equipment. Book totally worth the money to me. I will try the Washington edition next because of this.

Acclaimed outdoors author and experienced fisherman Tom Stienstra knows the best fishing spots in the Golden State, from the crystal-clear lakes dotting the Sierra Nevada to the open waters located just off the coast of San Francisco. Offering detailed descriptions of more than 2,000 fishing locations and including more than 70 pages of fishing tips and advice, Moon California Fishing leads both beginner and expert anglers to the best lakes, rivers, and coasts that the state has to offer. Complete with helpful regional maps as well as directions and ratings for each location, Moon California Fishing provides all the necessary tools to head outdoors.

About the AuthorFor 30 years, Tom Stienstra's full-time job has been to capture and communicate the outdoor experience. This has led him across Californiafishing, hiking, camping, boating, biking, and flyingsearching for the best of the outdoors and then writing about it.Tom is the nation's top-selling author of outdoors guidebooks. He has been inducted into the California Outdoor Hall of Fame and has twice been awarded National Outdoor Writer of the Year, newspaper division, by the Outdoor Writers Association of America. He has also been named California Outdoor Writer of the Year five times, most recently in 2007. Tom is the outdoors columnist for the San Francisco Chronicle; his articles appear on sfgate.com and in newspapers around the country. He broadcasts a weekly radio show on KCBS-San Francisco and formerly hosted an outdoor television show on CBS/CW San Francisco.Tom lives with his wife and sons in Northern California.
