Jonanna Widner : Moon Dallas and Fort Worth (Moon Handbooks) before purchasing it in order to gage whether or not it would be worth my time, and all praised Moon Dallas and Fort Worth (Moon Handbooks):

I wish I had gone with my gut. The coverage of Fort Worth and Dallas was very superficial...just enough to get you to the visitor's center where you could get much better information. There was scant mention of the suburbs, some of which we liked better than Dallas and Fort worth. The maps were quite good however to give the big picture. If this book was more inclusive in its next edition, it has the potential be great. That's just my humble opinion.1 of 1 people found the following review helpful. Enchanting!By Kae JenkinsThis is the BEST travel book I've read in many years! If you are planning a trip to the Dallas/Fort Worth

area anytime soon, don't go without it. It also makes a great gift for someone living in the area. Know anyone going to the Super Bowl next year?
