Don Pitcher : Moon Handbooks Washington before purchasing it in order to gauge whether or not it would be worth my time, and all praised Moon Handbooks Washington:

1 of 1 people found the following review helpful. Excellent guide to an amazing area By Vickie Klick I turn to Moon Handbooks first for nearly every trip, and I haven't been disappointed yet. This is the first time I've bought a Moon Handbook that covers an entire state; the coverage is less in-depth for specific sites of interest like Olympic National Park, yet there is plenty of information for the many places a visitor to Washington State might want to see. Reading this book made me look forward to my trip even more. 0 of 0 people found the following review helpful. Five Stars By Randy Lustig they key are a little crowded if you use a large tag. 0 of 0 people found the following review helpful. So far so good By Matthew Upchurch I've only had a minute amount of time to read some of the text, but it does seem to be fun and valuable information. I believe this book will certainly come in handy for my trip out there this summer and

look forward to taking more time to delve into it.

The classic guide to the Evergreen State, *Moon Handbooks: Washington* leads you to the Olympic Peninsula's lush rain forests and long sandy beaches, glacier-clad Cascades summits, friendly eastern Washington towns, and the urban delights of Seattle. Author Don Pitcher helps readers hike on Mount St. Helens, whale-watch at Westport, shop at farmers markets, enjoy the best brewpubs and coffeehouses, and experience city nightlife. He also includes details on intriguing and offbeat destinations, such as the graves of Chief Seattle and Jimi Hendrix, and the Bavarian-style village of Leavenworth. "The best guidebook I've found is the well-written *Moon Handbooks: Washington*." -- *The Washington Post*
