**Andrew Collins : Moon New Orleans: Including Cajun Country and the River Road Plantations (Moon Handbooks)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Moon New Orleans: Including Cajun Country and the River Road Plantations (Moon Handbooks):

0 of 0 people found the following review helpful. Highly recommend for a comprehensive overview of N.O. travelBy AnonymousBefore purchasing this I went to a local bookstore and looked through all the N.O. travel guides. This book outshone the others - it contains lots of great information on N.O. and its surrounding areas. There is a lot of detail and off-the-beaten-path highlights not found in other travel guides. I live on the Northshore of N.O. and through this guide, have discovered places I hadn't heard about before - and that are well worth visiting. Also important to note

is that this travel guide seems to be up-to-date on places that are still closed post-Katrina.0 of 0 people found the following review helpful. Good info about Cajun country.By CustomerI was looking for more info about the old homes on the river road. However there is much info about New Orleans and the Cajun country. The book is a few years old so the prices are out of date. For the price I am happy with the purchase.1 of 1 people found the following review helpful. Out of dateBy JessicaThe information in this book is old and very out of date. I am amazed that they still sell it. I expect better out of Moon. They should have pulled this edition by now, or better yet updated it. From now on I will check publication dates on Moon guides before buying. Best thing that I can say about it is that it is better than nothing.

New Orleans aficionado and travel writer Andrew Collins knows the best way to experience New Orleans, from exploring the plantations on the Great River Road and where to grab a drink Bourbon Street to taking a swamp tour on the North Shore. In this fully updated guidebook, Collins includes unique trip ideas such as "Two-Days in The Crescent City" and "Eating Your Way Through Southern Louisiana." Packed with information on dining, transportation and accommodations, Moon New Orleans has lots of options for a range of travel budgets. Every Moon guidebook includes recommendations for must-see sights and many regional, area, and city-centered maps. Complete with details on partaking in the famed festivities of Mardi Gras and listening to jazz in Cajun Country, Moon New Orleans gives travelers the tools they need to create a more personal and memorable experience. With expert writers, first-rate strategic advice, and an essential dose of humor, Moon guidebooks are the cure for the common trip.
