Found lots of interesting places to explore. Product was as described and arrived on time.0 of 0 people found the following review helpful. Meh.By D. GrayI bought this book because I'm moving to Central New York. This book divides up New York book into a few areas and describes each of them a bit. However, they all leave out the central bit of New York I'm moving too (the town isn't even listed in the index and it's home to a major college). I'm not sure if there are better books, but not too keen on this one. What it does cover is ok, if a bit too general.1 of 1 people found the following review helpful. New York State Moon Travel BookBy M. J. BernhardThe book contained info about the small towns as well as the large towns. It was easy to navigate through the

book and find the right sections. New York state is very large and so much more than NYC. I only wished it had a some more info about the hiking and other outdoor activities in the Adirondaks.

Traveler and author Sascha Zuger covers the best of New York State, from iconic metropolis New York City to more rural, natural regions such as Madison County and the Finger Lakes. Zuger provides a variety of unique travel strategies for various trips, such as *The Best of New York State* and *Three Weekend Getaways*. Including expert advice on dining and entertainment in all five boroughs of New York City, as well as richly historical sights in Central New York, *Moon New York State* gives travelers the tools they need to create a more personal and memorable experience.
