Jason Ferguson : Moon Spotlight Walt Disney World Orlando before purchasing it in order to gage whether or not it would be worth my time, and all praised Moon Spotlight Walt Disney World Orlando:

Moon Spotlight Walt Disney World Orlando is a 90-page compact guide covering the Walt Disney World Resort and Orlando's other theme parks, including Universal Studios Florida and Discovery Cove, as well as the city of Orlando and Central Florida. Author Jason Ferguson offers seasoned advice on must-see attractions, and he includes maps with sightseeing highlights so you can make the most of your time. This lightweight guide is packed with recommendations on entertainment, shopping, recreation, accommodations, food, and transportation, making navigating the City Beautiful and its surroundings uncomplicated and enjoyable.

About the Author Florida native Jason Ferguson has yet to find a corner of his home state that doesn't hold some sort of surprise. With a background in alternative journalism and arts and culture reporting, Jason enjoys discovering some of Florida's more unusual sights and diverse nightlife and art scenes. As a father of two, he also understands the infinite appeal of Florida's theme parks, beaches, and outdoor opportunities. Jason has written for publications ranging from Time Out, Travel + Leisure, and Caribbean Travel Life to Florida newspapers such as the Orlando Weekly and Miami New Times. He enjoys sniffing out the beauty of Florida's natural history as well as the oddness of its quirky present. He, his wife, and their two kids utilize their home in Central Florida as a launching pad for weekend adventures that take them to points of interest throughout the state. Although their favorite spots change from week to week, there's a general consensus that a life without the pancakes from the Old Spanish Sugar Mill and Griddle House restaurant at DeLeon Springs State Park is a life not worth living.
