**Tim Hull : Moon Tucson (Moon Handbooks)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Moon Tucson (Moon Handbooks):

Moon guides are greatBy KCPackerBackerWe've used Moon guide books for several vacations to new regions and really like they way they present information and make some not-so-ordinary suggestions that out-of-towners would normally not know about. We have found excellent restaurants, good shops, and scenic locations through the Moon guides. Before we visit a new place, we always try to get a Moon guide. It sounds like I work for Moon publications, but I don't - I just find them very helpful.0 of 0 people found the following review helpful. love moon handbooks - essentialBy Lauren JonesI always get the Moon Handbook whenever I travel. They are the best. The church on the cover is outside of Tucson and is really pretty - bought an

handmade Indian basket for my mom, made out of grass there that smells really good and is really beautiful.
