I was able to get enough information to make a camping trip for my family. There is a very easy to follow ranking system and that's what makes all the difference when you are planning a trip to a place you have never been and don't know anybody from there.4 of 4 people found the following review helpful. Very ComprehensiveBy robmeiersThe book provides a thorough review of both public and private campgrounds. You'll have a good idea of where each campground is located, how to get there, what the campground environment is like, and how to reserve. I'm sure this Moon book will be as well used as the other Moon camping guides that I've bought.1 of 1 people found the following review helpful. Small printBy Donald J. PittsSmall print and small pages so maps are disjointed - Not like my other Moon Camping book.

Outdoor photographer Mike Matson uses his experience as a Salt Lake City local to capture the adventures of camping in Utah, from remote sites where dinosaur bones lie half-unearthed to the "promised land" of Zion National Park. Matson is a relentless tour guide, covering every known campsite in Utah with itineraries such as Best Alpine Camping, Best Desert Camping, Best Off-Season Camping, and Best Romantic Camping. Moon Utah Camping is packed with information on national forests and parks, recreation areas, Native American land and backcountry sites. Complete with details on what to pack, what to wear, reservations and fees, and the best camping facilities, Moon Utah Camping gives travelers the tools they need to create a more personal and memorable camping experience.
